For sale at the Store-rooms of the Ladies Union Benevolent and Employment Society, on 15th and 16th streets, next to Old-Fellows Hall, and on Capitol Hill, corner of A and First streets, east of South, a variety of clothing suitable to the season, comprising garments for the laboring classes and children. As these are the best of the kind, and the prices are so low, they invite all who are in want of this description of clothing to patronize these establishments, and as a very small profit on the work is added, the prices will necessarily be moderate.

Families requiring such work to be done will benefit the poor by sending it to the Society's rooms to be made up.

To accommodate families, an *Intelligence Office* has been opened at the store on Seventh street, where those in want of servants may be supplied by paying a small fee.

By order of the Board of Managers.

All the papers of the city are requested to publish this notice as often as convenient.

GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, August 8—12 m.

A new invention was shown this morning—a machine for sweeping chimneys, invented by a gentleman in our town. Not being a judge of such matters I cannot speak positively, but have every reason to believe that it will fully answer the purpose for which it is intended, and supersede entirely the necessity of boys doing such work. It is the intention of the inventor to bring it into immediate use.

The break in the canal, near Williamsport, will be fully repaired to-morrow. A large number of boats are waiting, bound down.

Hutchinson's mammoth panorama of the Mediterranean is now exhibiting at Forrest Hall.

Flour and Grain Market.—Old flour remains at last quotation. There was a sale yesterday afternoon of 500 bls. new, to arrive, at \$4. A sale this morning of several bushels prime white corn at 62c. Wheat remains at last quotations.

There is no news of moment.

Arrivals.—Schr. Victor, Settlers, King George county, Va., com. to A. R. Ray & Bro.; schr. M. J. Fardy, Hooper, Salisbury, to Jos. Libbey & Son.

Canal Trade.—Capt. Thos. Jefferson, 62 miles, limestone; Arrived Walker, 60m., do.; Victory, 31m., wheat, oats, &c.; P. F. Thomas, 36m., wheat and corn; Frances, 23m., flour, corn, &c.; Julia A. Elgin, 61m., wheat, corn, &c., &c.

Departed—John P. Smart, El Dorado, Gen. Cass, Gen. Washington, Buena Vista, D. & H. Claggett, Metacom.

ELECTRO.
I. O. O. F.—The Grand Encampment of Virginia held its annual meeting yesterday in Alexandria. A considerable amount of business interesting to the Order was transacted, and the utmost harmony prevailed throughout. The following officers were elected:

C. S. Allman, G. P.; H. T. Wirtman, G. H. P.; W. H. Howell, G. S. W.; E. S. Hough, G. S.; G. L. Deane, G. T.; Joseph Schoppert, G. S. W.; Dr. C. G. Robinson and Edward H. Fitzhugh, Grand Representatives.

SCRIPTURE MANUAL, Designed to facilitate the Finding of Proof Texts. Fifth edition, 3000. New York, published by M. W. Dodd.

The *Christian Observer* contains the following just notice of this work:

This is a volume of sterling merit, as far surpassing in value the most precious metals, as God's holy word is more valuable than diamonds. It is in our estimation above all praise. It is designed to present all the leading topics of divine revelation, in a manner so logical, systematic, and at the same time so lucid and intelligible, that every reader may see at a glance what are the teachings of the Holy Ghost on the numerous and important subjects, and this design is executed to an extent not equalled by any other work of the kind. It is esteemed as the most valuable compilation of truth by unprejudiced minds ever offered to the Christian public. Being all scripture, without note or comment, and the best exponent of the Scriptures extant, it is worthy of a place by the Bible, in every library and in every language.

Where it is generally possessed, carefully studied, and faithfully used, the result would be the introduction of a new era in biblical knowledge. We commend it to all clergymen, to students, to families, and especially to Sabbath-school teachers. It is a duodecimo volume of five hundred and twenty-eight pages. The good paper, fair type, and mechanical execution of the work, are worthy of its contents. The second stereotyped edition of this book, being its twenty-fifth edition, (issued in 1850), is a great improvement on former editions, in the number and arrangement of topics. The fact that forty-one thousand copies of it have been published within a few years, to meet the gradually increasing demand for it, is a gratifying proof of the estimation in which it is held.

BY TELEGRAPH.

NEW YORK, August 8—2 p. m.

Cotton firmer; sales to-day of five hundred bales. Flour on the advance. Wheat downward. Corn steady.

Stocks are more active, with an upward tendency.

BALTIMORE, August 8—2½ p. m.

Sales of eight hundred barrels Howard street and City Mills flour at \$4. Grain steady and unchanged.

St. Louis, August 6.—The cholera has broken out at St. Louis, and is prevailing with terrible fatality.

NEW YORK, August 7—10 p. m.—The steamship Union has arrived from New Orleans, bringing papers a day ahead of the mail. The *Delta* says that the committee appointed to raise funds to assist the patriots have met with great success. The papers are filled with the most enthusiastic letters from Cuba.

PROVIDENCE, August 6.—Last night about ten o'clock, a fire broke out in this place, destroying property to the amount of sixty or seventy thousand dollars. Among the buildings destroyed were the carpenter shop of Moulton & Ingraham, and the stables of Lewis Thayer, on Hill street. The former lost \$8,000, the latter \$10,000—insured for \$1,000. The tannery establishment of Cleveland & Brothers lost \$6,000 to \$5,000—partially insured. An old building adjoining the Canal market, owned by Jacob Sengap, was lost \$2,000, a house belonging to Mrs. Salisbury—lost \$1,500.

Across the canal, on Charles street, the damage was very great. The tanning establishment of R. W. Bush was damaged to the amount of several hundred dollars. Two buildings owned and occupied by the Providence Canal Bleaching Company were nearly destroyed. Several other buildings, mostly dwellings, were partially injured, and many families lost their furniture by removal and water. Several serious accidents occurred. A member of an engine company was badly if not fatally injured; and it is rumored that another man was killed.

BOSTON, August 6.—The two factories at Arkwright, Rhode Island, standing about one hundred feet apart, were both set on fire on Monday night. One was totally destroyed, and the other partially. The incendiary out on the bell-ropes and raised the gates to let the water out of the canal. The buildings were owned by the heirs of James B. Wolf. The machinery by Crawford, Allen and others. The former were insured for \$10,000, the latter for \$20,000, in the Providence and Hartford Companies. Loss fully covered.

THE WORLD CANNOT PRODUCE STRONGER EVIDENCE THAN THIS, kindly handed to us by J. STOCKBRIDGE, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Canot, is the brother of the celebrated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens will give equally strong testimony in favor of HAMPTON'S VEGETABLE TINCTURE. It is a certain cure for Dyspepsia, Scrofula, Liver Complaint, &c., and all diseases from impure blood.

BALTIMORE, June 4, 1851.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore.

DEAR SIR: Being on the point of leaving the city, I avail myself of a few moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Since I have the fortune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 10th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forceful recommendations I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should enter the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took most eagerly to this Tincture, and with confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the supply of bottles, and I am positive had it not been for your strong and forceful recommendations I should still have been in bed.

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homoeopathic remedies, after having been tormented with gastric batteries, cold and arid baths, and with your internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture. Therefore, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 10th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forceful recommendations I should still have been in bed.
